

ifia JAPAN 2009 HFE JAPAN 2009

International Food Ingredients & Additives Exhibition and Conference Health Food Exposition & Conference

The Largest Food Ingredients and Additives Event in ASIA

May 20th - 22nd, 2009 at Tokyo Big Sight, West Hall 1 & 2

Organized by: EJK Japan, Ltd. / Food Chemicals Newspaper Inc.
Authorized by: The Ministry of Agriculture, Forestry and Fisheries of Japan
(Provisional) The Ministry of Health, Labor and Welfare of Japan
Embassy of the United States, Australian Embassy,
Tokyo Metropolitan Government, JETRO and other.

Admission FREE!

Overseas visitors are able to visit ifia/HFE JAPAN 2009 for Free!
Just have your business card ready and give it at Reception Desk on site.

Exhibition

ifia JAPAN offers you opportunities to meet the latest food ingredients & additives, and HFE JAPAN shows you the high quality functional & healthy food products. For Food Manufacturers, this is the most exciting and must-see event! More than 400 exhibitors exhibit this year as well, ifia JAPAN and HFE JAPAN provide you hints of new products development and help you establish new business relations!

Special Zone & Pavilion Attract high quality attendees with specific contents

Proposing Better Taste Zone

Seasonings are one of the necessities in food development, and recently a large variety of compound or premixed seasonings are in the market. It's the special zone for seasoning products with a great contribution by Japan Extract Seasonings Association.

Flavor World

Now in its 6th year, it is one of the most popular zones at ifia JAPAN. Take a closer look at the Flavor World 2009 and find out new products and original manufacturing techniques!

Scientific Food Safety Zone

In its 8th year of the zone, backed by rise in demand for measures for food security and safety these days, ifia JAPAN 2009 expands the exhibit categories on it.

Nursing-care Food Zone

It features food ingredients/food materials which contribute to better lubricate mastication/swallowing, and also which enrich flavor and taste as well as digestive functions in its 3rd year.

Overseas Pavilion

US, China, Korea Pavilion and Australia's Queensland State will be at the show in 2009. On the second day of the show, May 21st, you'll get a chance to learn about functional food industry and its market in Australia.

Fusion of Healthcare and Food Zone

Prevention of diseases with daily food intake becomes more and more important. This zone focuses on the connection between medicine and food, and provide with new ideas for future product developments in its 3rd year.

Sports Nutrition Corner **NEW!**

Featuring functional ingredients that promote physical strength and performance not only for athletes but also for people who enjoy sports activities for health concern. Special lecture on this topic will be held on the first day of the show May 20th, at Conference room. (Language: Japanese Only)

High Value-Added OEM Zone

Featuring OEM manufacturers, it is just an ideal place for those who wish to meet manufacturers working on higher value added products.

Fruits/Beauty Pavilion **NEW!**

Food and beverage for Beauty take great share in the healthy food industry. This pavilion features fruit-origin and beauty raw materials/ingredients, such as berries, citrus, collagen, hyaluronic acid, ceramide, etc. You'll find health concerned functional food materials and products which will come into fashion in 2009.

International Conference & Presentation

ifia/HFE JAPAN 2009 covers the latest market trends and sales/marketing strategies with borderless viewpoint and hold various seminars with topics such as the latest functional food materials, food development, collaboration of new materials, food market movement, sanitation and food policy restriction. In 2009, join the most exciting seminars are "**World Food Additives Keynote Forum**" to be held on **Fri., 22 May at Room 606, Conference Tower**, Tokyo Big Sight! You'll learn how Made-in-Japan food additives such as "UMAMI" have gone international and its future prospects. (*Most of the speeches will be conducted in Japanese Only) Also, **Taste Trek@Citrus** will give a lecture about the latest result of research on citrus, will be held on **Fri., 22 May at Room 608, Conference Tower**. The lecture will be conducted in English with Japanese simultaneous translation.
