

SUNRISE FOOD

Company Profile

20 years of experience

Strong R&D capabilities

01 Company Profile

SUNRISE FOOD INGREDIENTS (HUAINAN) CO., LTD., established in 2007, is located in Huainan, Anhui province . As China's first natural acetate manufacturer with over 20 years of experience, we specialize in a comprehensive range of acetates and propionates. Our products serve the food, beverage, pharmaceutical, and daily chemical sectors, with a strong commitment to natural acetate and Clean Label solutions.

Sodium Diacetate (powder, granular)

Sodium Acetate anhydrous (powder, granular, crystal)

Calcium Acetate (powder, granular)

Calcium Propionate (powder, granular)

Magnesium Acetate Potassium Diacetate

Manganese Acetate Copper Acetate

Ammonium Acetate Zinc Acetate

01 Line & Capacity

- **Acetates series products**

5000mt/year sodium diacetate, 3000t/year sodium acetate, 2000t/year calcium acetate, 1000t/year potassium acetate.

- **Propionic acid series products**

2000t/ year calcium propionate,

- **Natural series products**

2000t/ year acetates

Production Line: 4

★ **Exclusive Granular Sodium Acetate**

01 Line & Capacity

Natural:

- China Total production capacity in 2025 around 3,000MT for natural acetates.
- Ours around 1,500 MT

Synthetic:

- China total production capacity around 100,000 MT.
- Ours around 10,000MT

01 Customer Distribution---Global Coverage

Our current customers' main sales regions include: USA, Germany, Spain, Italy, Japan...

★ Market Share:

Germany ranks No.1 sodium diacetate

Japan ranks No.1 sodium acetate anhydrous

★ Japanese R&D partner:

KOYO CHEMICAL INDUSTRIES, LTD.

1}Preservstives for seafood and meat products.

2}Customized acetates for Japan markets

02 Lab Introduction

vibrating
screen

■ 20 years management experiences, we design the plane
layout workshop to three-dimensional layout workshop

- 01 ➤ Test raw material heavy metal and PH
- 02 ➤ Check the screen every shift and recording
- 03 ➤ Metal detector check every bag, and proofread.

04 product list

Sodium Diacetate
(Powder & Granular)

Zinc Acetate

Potassium Acetate

Potassium Diacetate

Ammonium Acetate

Calcium Acetate

Sodium Acetate Anhydrous
(Powder & Granular)

05 Unique products

Sodium Diacetate

Granular

(30-60 mesh) Sodium Diacetate

Sodium Acetate Anhydrous
Granular

(10-70 mesh)

05 Natural Products

◆Our Advantages:

- **Stable natural degree**
- **99% MIN**
- **High Purity**
- **Free-Flow ,anti-caking**
- **Mature management system**

05 Natural Products

ours

Others

◆ Complete Product Range

Natural Sodium Acetate

Natural Sodium Diacetate

Natural Calcium Acetate

Natural Calcium Propionate

Natural Potassium Acetate

Natural Potassium Diacetate

Natural Magnesium Acetates

06 New Facility Overview

Expanded Capacity

- Acetic acid storage tanks 300MT,
- 30,000 MT/Year

07 R&D advantages

Focus on Acetates 20 Years

China First Natural Acetate Manufacturer

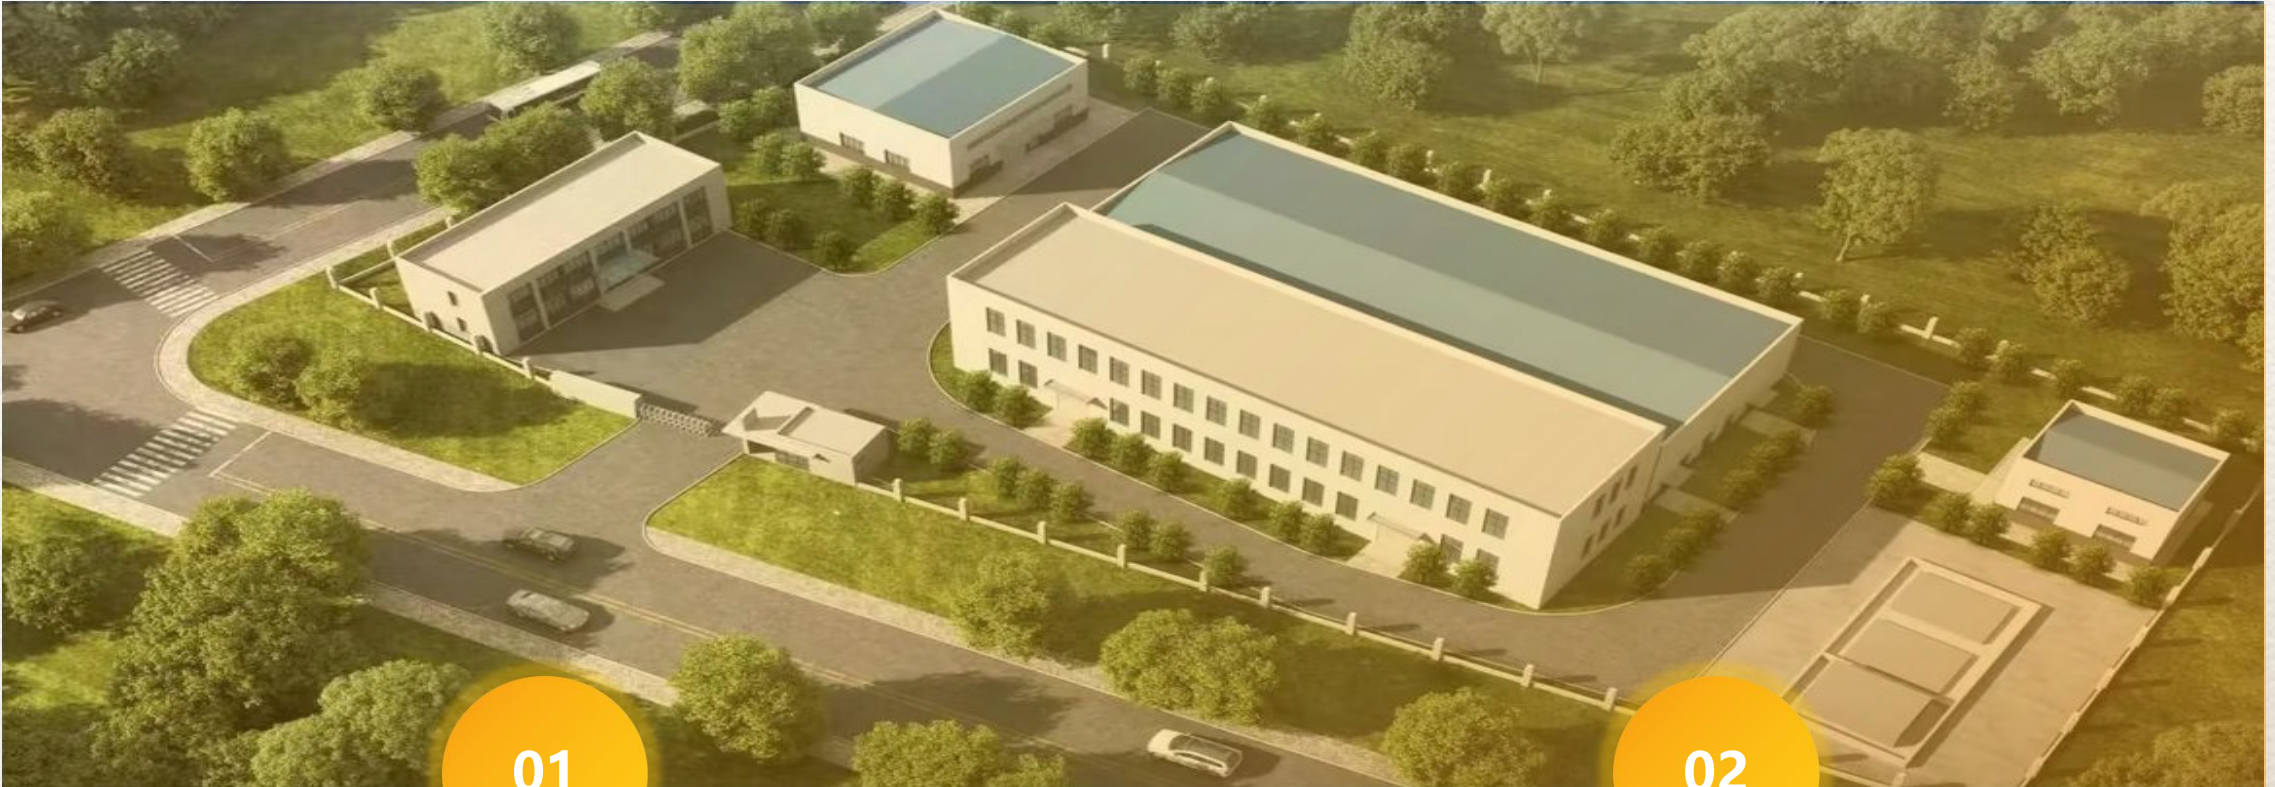

Professional R&D team

- Collaborating with Koyo Chemical Industry Co., Ltd. (Japan) & CHORI CO., LTD to development food preservation and anti-spoilage products.
- Currently working with Jiangnan University to co-develop new belnding nutritonal supplements,

08 Cost advantages

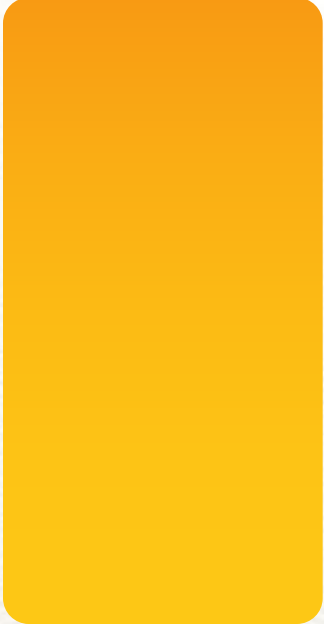

01

**Lower operation
cost (Gas.....)**

02

**close to the sources of
raw materials**

Sunrise Food Ingredients(Huainan) Co., Ltd.

Add: Huainan, Anhui Province, P.R.China.

THANK YOU!
